

A COMMUNITY WHERE INNOVATORS CONNECT

Innovators Alliance is a dynamic peer-to-peer community designed to empower Innovation Leaders to refine their business practices, broaden their networks, and navigate challenges with confidence. It's more than a professional network—it's a trusted space where leaders can gain fresh perspectives, seek guidance, and find support during times of uncertainty.

For 25 Years Innovators Alliance has helped leaders to use entrepreneurial skills and innovative thinking to make better business decisions.

The Chapter Community - A Trusted Space

Members meet with an advisory group of innovative peers at ten half-day meetings each year. Leaders will achieve business goals through regular, constructive, honest, and supportive feedback.

Professional Facilitation to Ensure Accountability

A professional will facilitate your meetings and will prioritize a collaborative agenda. Our Chairs have extensive business experience. They will challenge accountability and inspire innovation.

Growth Resources for Leaders

Access tools and resources to enhance innovative thinking and seek out and execute initiatives that will benefit your organization. The Innovators Hub provides an opportunity to check-in to meetings, provide reporting on goals, and engage with the membership across the network.

Inspiring Professional Development

Members receive professional development through industry expertise on key issues and opportunities for innovative leaders, delivered via exclusive webinars, workshops, conferences, and retreats.

Your membership in Innovators Alliance will challenge you to level up your leadership, challenge traditional thinking, and champion inventive ideas.

“ *Innovators Alliance has been a valuable support throughout some challenging times in my career. It has been a rewarding experience both professionally and personally, and I have made lasting friendships with smart people that I trust.* ”
